AMENDMENT C

Commissioner for Patents
PO Box 1450
Alexandria, Virginia 22313-1450

Sir:

In response to the Office Action dated February 25, 2003, please amend the above-identified application as follows.

IN THE CLAIMS:

1. (currently amended) A post comprising a footing adapted to be driven into the ground, said footing including a socket member that is protected against deformation while being implanted into the ground by an outer sleeve, said outer sleeve having trailing and leading ends, said leading end being adapted to be forcibly driven into the ground in response to a driving force applied to said trailing end, said socket member being received in an axially non-interfering relationship within said outer sleeve with said leading end of said outer sleeve extending beyond said socket member so as to define a free space extending axially below said socket member for absorbing the shock in the event that an obstacle is encountered while said footing is being driven into the ground, thereby preventing the socket member from being damaged, an elongated post segment, and a connector axially inserted into said
